

# FEBRUARY PICKLEBALL CLINICS

2023

FEB 3, 10, 17, AND 24

## Beginner and Intermediate Instruction Options

Adult pickleball clinics are designed to teach participants the fundamentals of pickleball, to develop proper technique, and to prepare them for social play. Beginner participants will learn the basics of rules, strokes, scoring and strategy. Intermediate participants will be guided through ways to refine their game play and develop winning strategies. Participants should bring their own paddle.

All clinics will be held at the outdoor pickleball courts west of the facility.

**\*\*Intermediate players require solid game understanding and previous play experience, or to have previously taken a beginner clinic.**
